# Rocks and Soils

**marble**

**granite**

**slate**

**chalk**

**sand**

**clay**

*flint*

*gypsum*

**limestone**

**pumice**

**soil**

**rocks**

**Are rocks 'natural'  
or 'man made'?**

**In what ways could you  
group these rocks?**

**What happens when  
you rub the rocks?**

**What happens when you  
drop water on the rocks?**

**Which type of rock  
is used to  
make each object  
and why?**

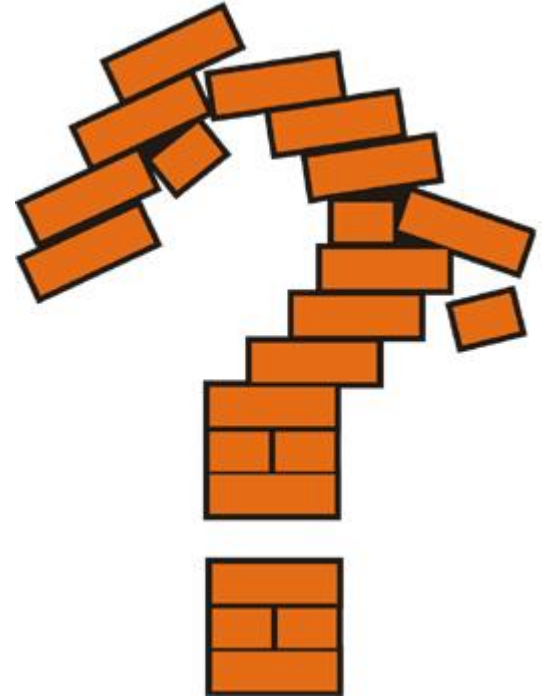

**Where are  
the rocks?**

# What are the differences between the soils?

*Why do puddles  
stay longer  
in some places  
than in others?*

# Science Investigation

**Question:**

---

---

---

---

**Results table:**

**What will we change?**

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

**What will we keep the same?**

---

---

---

---

**Method**

---

---

---

---

**Prediction:**

---

---

---

---

**Conclusion**
